OCA FILE 40500 DCI

Dear Judge Webster:

Every couple of weeks, five cable television stations in Los Angeles and Orange Counties broadcast my program, "Dan Lungren Reports." The program consists of a dialogue about issues of the day between myself and a major policymaker and is taped in the Rayburn House Office Building.

Over the past few years, a variety of leading figures in the Administration--including Vernon Walters, Richard Schifter, William Bennett, Otis Bowen, and others--have appeared on the program. I'm writing to invite you to do the same. Although the Recording Studio has set aside time for the taping of the show on December 17 at 1:00 and January 7 at 1:00, we would be happy to arrange a time slot that suits your schedule.

As a new member of the House Intelligence Committee, I firmly believe that the public needs to obtain a clearer picture of how the U.S. intelligence system works, what methods are employed to gather information, and how our intelligence agencies interrelate with the Congress. This is particularly important in light of recent controversies about U.S. policies in Central America and Soviet espionage operations.

The taping of the program, which can be seen in about 185,000 homes, lasts about 30 minutes. I typically begin the show with a brief introduction and then proceed to questions and answers. I would be happy to send you an advance copy of the questions I plan to ask.

Please let me know at your earliest convenience whether you can appear on the program. Tom Turner of my staff produces the show, and he can be reached at 225-8459. Thank you.

Sincerely,

Daniel E. Lungren
Member of Congress
